Skills

Flutter/Dart

BLoC & Cubit, dio, get_it, injectable, freezed, retrofit, sentry, hive, auth0, local_auth, stripe, secure_storage, uni_links, Firebase, Flutter web, accessibility

Architecture

MVVM, Clean Architecture, Design Patterns

Android (native) w/ Kotlin

RxJava, Jetpack Compose

iOS w/ Swift

Testing

Unit tests, Widget tests, Integration tests, mocktail

CI/CD

Bitrise, GitHub Actions, Codemagic

Summary

Experienced Flutter Developer, adept in all stages of app development with **+4 years** of experience.

Proficient in various platforms and languages in software development.

Able to effectively self-manage during independent projects and collaborate as part of a productive team.

Experience

Monta

June 2023 - Dec 2025

Flutter Engineer

Copenhagen

- **Implemented growth-focused features** (subscriptions, custom theming, user journey) for the Hub charge point management system, a **B2B Flutter Web App**, within deadlines.
- **Led** architectural quality through **ADRs** (Architecture Decision Records) defining testing standards and package semantic versioning policies.
- **Ensured** code robustness by writing comprehensive unit/widget/integration tests for **business-critical logic** and actively contributing to the internal design system for UI components.
- **Collaborated** cross-functionally with multiple Hub engineering teams to ensure seamless feature integration.

Trifork Smart Enterprise

Apr 2023 - June 2023

Mobility Developer

Copenhagen

- Built key features into an existing **B2C native Android application** utilizing the **SAP ERP SDK**.

Dawn Health

July 2022 - Apr 2023

Flutter Developer

Copenhagen

- Delivered independent mobile development work within a small, fast-paced incubator team.
- Spearheaded the implementation of the **WEMA virtual clinic Flutter Mobile App (B2C)** from inception until release, including writing a native plugin for video streaming.

Monstarlab EMEA

June 2021 - June 2022

Flutter Developer

Copenhagen

- Contributed to app development in an international team, successfully delivering and releasing features across multiple **B2C Flutter Mobile App** projects of varying sizes (e.g., Hoergiraffe an interactive audio book app).

Adapt Agency

June 2019 - May 2021

Student App Developer

Copenhagen

- Worked as part of a structured development team, including 6-months of full-time internship. **Android Native and Flutter Mobile**.

Education

KEA (Copenhagen Business Academy)

2017 - 2021

Software development

B.A.

- Relevant studies included: Databases, Design Patterns, System Integrations, System Design, and building distributed services.
- Electives focused on iOS, Android, and Python development.
